

Maharashtra University of Health Sciences, Nashik
Inspection Committee Report for Academic Year 2025-2026

Clinical Material in Hospital

Name of College/Institute... Lifeline Institute of Nursing, Pandharpur
 Faculty... Nursing

HOSPITAL DETAILS

Sr. No.	Particulars to be verified	Particular	Adequate/ Inadequate
1	The Institute / College shall execute a MoU with any institute for affiliation of hospital in addition to minimum 100 bedded own/parent Hospital (Affiliated hospital must be 50 bedded or more.) To be made available on web site		Adequate
a.	Whether Hospital is registered under any act under Local Authority such as Corporation, Municipality, Gram Panchayat etc.: Copy to be made available on web site		Adequate
b.	Student Bed Ratio for UG & PG to be verified: (As per MSR) Calculate at Actual		Adequate
c.	Average Bed Occupancy in % : (Minimum 75%)		Adequate
d.	Clinical facilities for PG to be verified:-(As per MSR)		Adequate
	(i) Whether OPD is functioning to be verified (ii) Total No of OPD (on the day of inspection) (iii) Average Number of patients attending OPD (current year) (iv) Average Number of Delivery (Current year) (v) Average Number of abnormal Delivery (Current year)		Adequate
- As per Central Council Norms/ University Norms, above Infrastructure must be available at College. - If Infrastructure is available, then mark "Adequate" & do not attach any Documents it should be available on college website - In case of "Inadequate", it must be marked as "Inadequate" with evidence. To be submit to university with report

Conditions under Water (P & CP), 1974 Act: (Refer Condition No. 5)

A. Water Consumption Details:-

S.No.	Particulars	Quantity
1	Industrial Cooling, spraying in mine pits or boiler feed	0.00
2	Domestic purpose	50.00
3	Processing whereby water gets polluted & pollutants are easily biodegradable	0.00
4	Processing whereby water gets polluted & pollutants are not easily biodegradable and are toxic	0.00
5	Other such as agriculture, gardening, etc.	0.00

B. Conditions for Sewage & Effluent Generation, Treatment and Disposal:-

S.No.	Particulars	Quantity	Condition	Recycle
1	Domestic Sewage	25.0	As per clause 'C'	100% Recycle
2	Trade effluent	0	As per clause 'C'	100% Recycle

C. You shall operate the combined waste water treatment plant of adequate design and capacity to treat the domestic sewage and trade effluent so as to achieve the following standards as prescribed below under E.P. Act, 1986 and Rules made there under and recycle after achieving standard prescribed below:-

S.No.	Particulars	Standard
1	pH	6.5-9.0
2	Oil & Grease	10
3	BOD (5 days 27°C)	10
4	COD	250
5	Total Suspended Solids	100
6	Bio-Assay Test	90 % survival of fish after 96 hours in 100 % effluent

- D. You shall ensure replacement of pollution control system or its parts after expiry of its expected life as defined by manufacturer so as to ensure the compliance of standards and safety of the operation thereof.
- E. You shall provide Primary/ Secondary/ tertiary treatment system and disinfection facility.
- F. The Applicant shall obtain prior consent of the Board to take steps for Expansion/Modification of any treatment and disposal system or an extension or addition thereto.
- G. You shall provide Specific Water Pollution control system as per above conditions and conditions of Environmental Clearance, if applicable.

Annexure - II

Terms & conditions for Incinerator(s) and D.G. Set(s) under Air (P & CP) Act, 1981 and Bio Medical Waste management Rule, 2016: (Refer Condition No.6)

1. You shall observe following fuel pattern and erect following stack (s):

Sl. No.	Set Capacity	Fuel Type	Quantity	Height
1	DG set 200 KVA	Diesel	25.00 Ltr/Hr	5.00

2. The Applicant shall obtain prior permission of MPC board for providing additional control equipment with necessary specifications and operation thereof or replacement/alteration well before its life come to an end or erection of new pollution control equipment.
3. The Board reserves its rights to vary all or any of the condition in the consent if due to any technological improvement or otherwise such variation (including the change of any control equipment, either in whole or in part as necessary).
4. Conditions for D.G. Set:
 - a. Noise from the D.G. Set should be controlled by providing an acoustic enclosure or by treating the room acoustically for control of noise;
 - b. Acoustic enclosure/acoustic treatment of the room should be designed for minimum 25 dB(A) insertion loss or for meeting the ambient noise standards, whichever is on higher side. A suitable exhaust muffler with insertion loss of 25 dB(A) shall also be provided. The measurement of insertion loss will be done at different points at 0.5 meters from acoustic enclosure/room and then average.
 - c. You shall make efforts to bring down noise level due to DG set, outside Industrial premises, within ambient noise requirements by proper siting and control measures;
 - d. Installation of DG Set must be strictly in compliance with recommendations of DG Set manufacturer.
 - e. A proper routine and preventive maintenance procedure for DG set should be set and followed in consultation with the DG manufacturer which would help to prevent noise levels of DG set from deteriorating with use.
 - f. D.G. Set shall be operated only in case of power failure.
 - g. The applicant should not cause any nuisance in the surrounding area due to operation of D.G. Set.
 - h. The applicant shall comply with the notification of MoEFCC dated 17.05.2002 regarding noise limit for generator sets run with diesel.
5. You shall take adequate measures for control of noise levels from its own sources within the premises so as to maintain ambient air quality standard in respect of noise to less than 75 dB (A) during day time and 70 dB (A) during night time. Day time is reckoned in between 6 a.m. and 10 p.m. and night time is reckoned between 10 p.m. and 6 a.m.

SCHEDULE-IV

General Conditions

The following general conditions shall apply:-

1. You shall provide facility for collection of environmental samples and samples of trade and sewage effluents, air emissions and hazardous waste to the Board staff at the terminal or designated points and shall pay for the Board for the services rendered in this behalf.
2. Whenever due to any accident or other unforeseen act or event, such emissions occur or is apprehended to occur in excess of standards laid down, such information shall be forthwith reported to Board, concerned Police Station, Executive Engineer MIDC and Local Body. In case of failure of pollution control equipments, the process connected to it shall be stopped.
3. You shall provide an alternate electric power source sufficient to operate all pollution control facilities installed to maintain compliance with the terms and conditions of the consent. In the absence of the applicant shall stop, reduce or otherwise control operation to abide by terms and conditions of this consent.
4. You shall submit to this office, the 30th day of September every year, the Environmental Statement Report for the financial year ending 31st March in the prescribed Form-V as per the provisions of rule 15 of the Environment (Protection) (Second Amendment) Rules, 1992.
5. You shall comply with the Hazardous Waste (M, H & TM) Rules, 2016 and submit the Annual Returns as per Rule 20(2) of Hazardous Waste (M, H & TM) Rules, 2016 for the preceding year April to March in Form-IV by 30th June of every year to Regional Office, Pune.
6. You shall engage qualified staff/personnel/agency to see the day to day compliance of consent & authorization condition towards Environment Protection.
7. Separate drainage system shall be provided for collection of trade and sewage effluents. Terminal manholes shall be provided at the end of the collection system with arrangement for measuring the flow. No effluent shall be admitted in the pipes/sewers downstream of the Terminal manholes. No effluent shall find its way other than in designed and provided collection system.
8. Neither storm water nor discharge from other premises shall be allowed to mix with the effluents from the HCE.
9. You shall install a separate meter showing the consumption of energy for operation of domestic and industrial effluent treatment plants and air pollution control system. A register showing consumption of chemicals used for treatment shall be maintained.
10. You should not cause any nuisance in surrounding area. You shall maintain good housekeeping.
11. You shall bring minimum 33% of the available open land under green coverage plantation. The applicant shall submit a yearly statement by 30th September every year on available open plot area, number of trees surviving as on 31st March of the year and number of trees planted.
12. The non-hazardous solid waste arising in the HCE premises, sweepings, etc. be disposed of scientifically so as not to cause any nuisance / pollution. The applicant shall take necessary permissions from civic authorities for disposal of solid waste.
13. You shall achieve the National Ambient Air Quality standards prescribed vide Government of India, Notification Dated, 16/11/2009 as amended.

Conditions under Water (P & CP), 1974 Act: (Refer Condition No. 5)**A. Water Consumption Details:-**

Sr.No.	Purpose for water consumption	Water consumption quantity (CMD)
1.	Industrial Cooling, spraying in mine pits or boiler feed	0.00
2.	Domestic purpose	8.00
3.	Processing whereby water gets polluted & pollutants are easily biodegradable	0.00
4.	Processing whereby water gets polluted & pollutants are not easily biodegradable and are toxic	0.00
5.	Other such as agriculture, gardening, etc.	0.00

B. Conditions for Sewage & Effluent Generation, Treatment and Disposal:-

Sr.No.	Description	Permitted quantity of discharge (CMD)	Standards to be achieved	Disposal
1	Domestic Sewage	7.00	As per clause 'C'	Partially on land for gardening and excess in Municipal sewer line
2	Trade effluent	0	As per clause 'C'	NA

- C. You shall operate the combined waste water treatment plant of adequate design and capacity to treat the domestic sewage and trade effluent so as to achieve the following standards as prescribed below under E (P) Act, 1986 and Rules made there under and recycle after achieving standard prescribed below.

Sr.No.	Parameters	Discharge Standards applicable Limiting Concentration in mg/except for pH
1	pH	6.5-9.0
2	Oil & Grease	10
3	BOD (3 days 27°C)	30
4	COD	250
5	Total Suspended Solids	100
6	Bio-Assay Test	90 % survival of fish after 96 hours in 100 % effluent

- D. You shall ensure replacement of pollution control system or its parts after expiry of its expected life as defined by manufacturer so as to ensure the compliance of standards and safety of the operation thereof.
- E. You shall provide Primary/ Secondary/ tertiary treatment system and disinfection facility.
- F. The Applicant shall obtain prior consent of the Board to take steps for Expansion/Modification of any treatment and disposal system or an extension or addition thereto.
- G. You shall provide Specific Water Pollution control system as per above conditions and conditions of Environmental Clearance, If applicable.

Annexure - II

Terms & conditions for Incliner(s) and D.G. Set(s) under Air (P & CP) Act, 1981 and Bio Medical waste management Rule, 2016: (Refer Condition No.6)

1. You shall observe following fuel pattern and erect following stack (s):

Sr. No.	Stack Attached to	Fuel Type	Quantity	Stack Height (Mtr)
1	D. G. Set (125 KVA)	Diesel	5.00 Ltr/Hr	5.00

2. The Applicant shall obtain prior permission of MPC board for providing additional control equipment with necessary specifications and operation thereof or replacement/alteration well before its life come to an end or erection of new pollution control equipment.
3. The Board reserves its rights to vary all or any of the condition in the consent, if due to any technological improvement or otherwise such variation (including the change of any control equipment, either in whole or in part as necessary).
4. Conditions for D.G. Set:-
- Noise from the D.G. Set should be controlled by providing an acoustic enclosure or by treating the room acoustically for control of noise.
 - Acoustic enclosure/acoustic treatment of the room should be designed for minimum 25 dB (A) insertion loss or for meeting the ambient noise standards, whichever is on higher side. A suitable exhaust muffler with insertion loss of 25 dB(A) shall also be provided. The measurement of insertion loss will be done at different points at 0.5 meters from acoustic enclosure/room and then average.
 - You shall make efforts to bring down noise level due to DG set, outside industrial premises, within ambient noise requirements by proper siting and control measures.
 - Installation of DG Set must be strictly in compliance with recommendations of DG Set manufacturer.
 - A proper routine and preventive maintenance procedure for DG set should be set and followed in consultation with the DG manufacturer which would help to prevent noise levels of DG set from deteriorating with use.
 - D.G. Set shall be operated only in case of power failure.
 - The applicant should not cause any nuisance in the surrounding area due to operation of D.G. Set.
 - The applicant shall comply with the notification of MoEFCC dated 17.05.2002 regarding noise limit for generator sets run with diesel.
5. You shall take adequate measures for control of noise levels from its own sources within the premises so as to maintain ambient air quality standard in respect of noise to less than 75 dB (A) during day time and 70 dB (A) during night time. Day time is reckoned in between 6 a.m. and 10 p.m. and night time is reckoned between 10 p.m. and 6 a.m.

LETTER OF BIO-MEDICAL WASTE AUTHORISATION

[Authorisation for Generation, Storage, Disposal of Bio-Medical Wastes under Rule 7(4)]

I. File number of authorisation and date of issue

MPCB/ROP/BMW-AUTH/220/000016

2021 Date 03/01/2022

II. M/s. CHIRANJEEV HOSPITAL is hereby granted an authorization for generation of biomedical waste on the premises situated, DR. SHRIKANT R. DEOKATE, BHAKTI MARG, NEAR BLOOD BANK, PANDHARPUR, TAL. - PANDHARPUR, DIST - SOLAPUR.

III. Your Application: MPCB- BMW AUTH-0000038204

IV. This authorisation shall be in force for a period up to 31.03.2024

V. An application shall be made by the occupier/operator for renewal 3 Months before expiry of earlier authorisation.

VI. This authorisation is issued subject to compliance of the conditions stated below and to such other conditions as may be specified in the Rules for the time being in force under the Environment (Protection) Act, 1986.

VII. No of Bed : 50

With Shinde

Terms and Conditions of authorisation

1. The authorized Person shall comply with the provisions of the Environment (Protection) Act, 1986 and the Rules made there under.
2. The authorisation shall be produced for inspection at the request of an officer authorized by the prescribed authority.
3. i) The authorized person shall not rent, lend or sell the biomedical waste or facility.
ii) The authorized person can transfer the BMW generated at above premises to the "Transporter" or "Operator of Facility" authorized by MPCB under Bio-Medical Waste (Management and Handling) Rules, 1998 for collection, transportation, treatment and/or disposal of BMW generated.
4. Any unauthorized change in equipment or working conditions as mentioned in the application by the person authorized shall constitute a breach of this authorisation.
5. It is the duty of the authorized person to take prior permission of the prescribed authority to close down the facility.

- (b) The daily quantity of trade effluent shall not exceed Nil
- (B) The daily quantity of sewage effluent shall not exceed 4.0 M³
9. BMW shall be treated and disposed of in accordance with Schedule I; and in compliance with the standards prescribed in Schedule V of said Rules.
10. (i) BMW shall not be mixed with other wastes or reused, recycled or sold in any form.
- (ii) BMW shall be segregated into containers / bags at the point of generation in accordance with Schedule II prior to storage, treatment and disposal. The containers shall be labeled according to Schedule III.
- (iii) If a container containing BMW is to be transported from the premises where BMW is generated to any waste treatment facility outside the premises, the container shall, apart from the label prescribed in Schedule III, also carry information prescribed in Schedule IV and shall be transported by authorized transporter only.
- (iv) Notwithstanding anything contained in the Motor Vehicles Act, 1988 or Rules there under, BMW shall be transported only in such vehicle as may be authorized for the purpose by the competent authority as specified by the Government.
- (v) No untreated BMW shall be kept stored beyond a period of 48 hours.

11. Standards for waste autoclaving:

The autoclave should be dedicated for the purposes of disinfecting and treating Bio- Medical Waste.

(I) When operating a gravity flow autoclave, medical waste shall be subjected to:

- (i) A temperature of not less than 121 °C and pressure of 15 pounds per Square Inch (psi) for an autoclave residence time of not less than 60 minutes;
- or
- (ii) A temperature of not less than 135 °C and a pressure of 31 psi for an autoclave residence time of not less than 45 minutes;
- or
- (iii) A temperature of not less than 149 °C and a pressure of 52 psi for an autoclave residence time of not less than 30 minutes.

(II) When operating a vacuum autoclave, medical waste shall be subjected to a minimum of one pre-vacuum pulse to purge the autoclave of all air. The waste shall be subjected to the following.

- (i) a temperature of not less than 121 °C and a pressure of 15 psi for an autoclave residence time of not less than 45 minutes;
- or
- (ii) a temperature of not less than 135 °C and a pressure of 31 psi for an autoclave residence time of not less than 30 minutes;

Pandharpur, Dist. Solapur

241

(III) Medical waste shall not be considered properly treated unless the time, temperature and pressure indicators indicate that the required time, temperature and pressure were reached during the autoclave process. If for any reasons, time temperature or pressure indicates that the required temperature, pressure or residence time was not reached, the entire load of medical waste must be autoclaved again until the proper temperature, pressure and residence time were achieved.

(IV) *Recording of operational parameters.* - Each autoclave shall have graphic or computer recording devices which will automatically and continuously monitor and record dates, time of day, load identification number and operating parameters throughout the entire length of the autoclave cycle.

(V) *Validation test: Spore testing.* - The autoclave should completely and consistently kill the approved biological indicator at the maximum design capacity of each autoclave unit. Biological indicator for autoclave shall be *Bacillus stearothermophilus* spores using vials or spore strips, with at least 1×10^4 spores per milliliter. Under no circumstances will an autoclave have minimum operating parameters less than a residence time of 30 minutes, regardless of temperature and pressure, a temperature less than 121°C or a pressure, less than 15 psi.

(VI) *Routine Test.* - A chemical indicator strip/tape that changes color when a certain temperature is reached can be used to verify that a specific temperature has been achieved. It may be necessary to use more than one strip over the waste package at different location to ensure that the inner content of the package has been adequately autoclaved.

12. Every 'Authorized Person' shall submit an Annual Report to the prescribed authority in Form-II by 31st January every year, including information about the categories and quantities of BMW handled during the preceding year.

13. (i) Every 'Authorized Person' shall maintain records related to the generation, collection, reception, storage, transportation, treatment, disposal and/or any form of handling of BMW in accordance with these Rules and any guidelines issued.

(ii) All records shall be subject to inspection and verification by the prescribed authority at any time.

14. When any accident occurs at any institution or facility or any other site where BMW is handled, or during transportation of such waste, the authorized person shall report the accident in Form III to the prescribed authority forthwith.

15. The applicant shall submit Bank Guarantees at the Regional Office, M.P.C. Board, Pune within 15 days of the date of issue of Authorization. The Bank Guarantee(s) shall be valid up to validity 30.06.2023 of this authorization. The details of Bank Guarantees to be submitted are as below.

Combined Consent to 1st Operate and BMW Authorization (CCA) under the provisions of Water (P & CP) Act, 1974, Air (P & CP) Act, 1981 and Bio-Medical Waste Management Rules, 2016 as amended and Hazardous Waste (M & TM) Rules, 2016.

Ref: Your application for Combine Consent and Bio-Medical Waste Authorization dated 03/03/2023 with UAN MPCB-CONSENT-0000164099

The consent to establish is granted for a period up to commissioning of the unit or up to 5 year whichever is earlier, under Section 25/26 of the Water (P&CP) Act, 1974, Section 21 of the Air (P&CP) Act, 1981 and Bio-Medical Waste Management Rules, 2016, and Hazardous Wastes (Management & Transboundary Movement) Rules, 2016 respectively, under Environment (Protection) Act, 1986, subject to terms and conditions as specified below and in the Schedule(I-IV) and Annexure (I-II) enclosed in this order.

1. This CCA shall be in force for a period From 28-02-2023 To 31-12-2026
2. The capital investment of the HCF is ₹115.45 Lakhs (As per C.A Certificate Submitted by HCF)
3. HCF Area: - Plot Area 765.00 M² with Built-up area 1222.00 M².
4. Activities Included
 - a. Total Number of Beds : 60 Nos. (As per BNH certificate no. 21 valid upto 31-03-2026)
 - I. General Beds : 4 Nos
 - II. Operation Theatre : 1 Nos
 - III. Maternity Beds : 55 Nos
5. Conditions under the Water (P&CP) Act, 1974:-

Principal
Lifeline Institute of Nursing
Pandharpur, Dist. Solapur

1. Quantity of total water consumption shall not exceed 2 M³/day. You shall not use the ground water without obtaining prior permission of Central Ground Water Authority.
2. You shall provide adequate treatment & disposal facility for Sewage & Effluent generated as specified in **Annexure-I**
3. You shall provide water meter at water intake point & at sewage/Effluent disposal point and shall maintain monthly records thereof.

6. Conditions under the Air (P&CP) Act, 1981:-

1. You shall use the fuel for DG set as specified in the **Annexure-II**.
2. You shall provide adequate emission control system to DG set as specified in **Annexure-II**.
3. You shall strictly observe noise standards applicable for DG set stack emission and ambient noise level as per **Annexure-II**.

Conditions under Hazardous and Other Wastes (Management, Handling & Transboundary Movement) Rules, 2016 for treatment and disposal of hazardous waste:-

You shall have valid membership of CHWTSD and shall dispose the Hazardous waste generated in strict compliance with said rules and maintain record thereof.

Sl No	Type of Waste	HW category no.	Quantity	UOM	Disposal
					NA

8. Conditions under Solid Waste Management rules 2016

1. You Shall Handover Solid waste (Other Than BMW) to Local bodies as per provisions of SWM Rules, 2016.
2. You shall Not mix general solid waste with Bio Medical Waste.

9. Conditions under BMW Management rules, 2016 (As Amended):-

1. You shall adhere to the BMW Generation quantity and storage conditions as specified in Schedule-I of BMW Management Rules, 2016, as amended.
 2. You shall segregate and handover BMW to BMW T&D CTF Bioclean Systems India Pvt. Ltd., Solapur Strictly complying with the Provisions of Schedule-I and Maintain record of the same.
 3. **Cytotoxic Drugs/ Waste:** You shall have separate storage, marked with the symbol of Bio Hazard & Cytotoxic Hazard for outdated, discarded, unused cytotoxic drugs/waste and submit details of Management and Handling of outdated, discarded, unused Cytotoxic drugs in the format prescribed by CPCB which is available on www.cpcb.nic.in along with Annual Report to MPCB with a copy to CPCB before 30th June of every year.
 4. **Mercury Waste:** You shall manage the Mercury Waste in HCE in environmentally sound manner (including storage, spilled collection, transportation and disposal) as per guidelines published by CPCB as detailed in document entitled "Environmentally Sound Management of Mercury Waste in Health Care Facilities" (www.cpcb.nic.in).
- 10.** You shall not undertake Modifications/ Upgradation in existing facility without obtaining prior Environment Clearance under the Provision of EIA notification, 2006 Or Consent to Establish from the MPC Board as applicable.
- 11.** Any unauthorized change in Location, Name, personnel, equipment or working conditions as mentioned in the application by you shall constitute a breach of this CCA. In case of any change you shall apply fresh for CCA or amendment as applicable.

~~CONFIDENTIAL - SECURITY INFORMATION~~

Only one

1. Compared to the 1970s, the 1980s have been characterized by a more conservative approach to the environment. This has resulted in a more limited role for the government in environmental protection. This has also resulted in a more limited role for the private sector in environmental protection. This has also resulted in a more limited role for the public sector in environmental protection.

Conditions under Water (P & CP), 1974 Act: (Refer Condition No. 5)

A. Water Consumption Details:-

Sr.No.	Purpose of Water Consumed	Water Consumption Quantity (CMD)
1.	Industrial Cooling, spraying in mine pits or boiler feed	0.00
2.	Domestic purpose	2.00
3.	Processing whereby water gets polluted & pollutants are easily biodegradable	0.00
4.	Processing whereby water gets polluted & pollutants are not easily biodegradable and are toxic	0.00
5.	Other such as agriculture, gardening, etc.	0.00

B. Conditions for Sewage & Effluent Generation, Treatment and Disposal:-

Sr.No.	Description	Permitted Quantity of discharge (CMD)	Standard to be followed	Disposal
1	Domestic Sewage	1.50	As per clause 'C'	100% Recycle
2	Trade effluent	0	As per clause 'C'	100% Recycle

C. You shall operate the combined waste water treatment plant of adequate design and capacity to treat the domestic sewage and trade effluent so as to achieve the following standards as prescribed below under E (P) Act, 1986 and Rules made there under and recycle treated effluent after achieving standard prescribed below.

Sr.No.	Parameter	Discharge Standards applicable Limit/Concentration limit/Exception
1	pH	6.5-9.0
2	Oil & Grease	10
3	BOD (3 days 27°C)	30
4	COD	250
5	Total Suspended Solids	100
6	Bio-Assay Test	90 % survival of fish after 96 hours in 100 % effluent

- D. You shall ensure replacement of pollution control system or its parts after expiry of its expected life as defined by manufacturer so as to ensure the compliance of standards and safety of the operation thereof.
- E. You shall provide Primary/ Secondary/ tertiary treatment system and disinfection facility.
- F. The Applicant shall obtain prior consent of the Board to take steps for Expansion/Modification of any treatment and disposal system or an extension or addition thereto.
- G. You shall provide Specific Water Pollution control system as per above conditions and conditions of Environmental Clearance, if applicable.

Annexure - II

Terms & conditions for Incinerator(s) and D.G. Set(s) under Air (P & CP) Act, 1981 and Bio Medical waste management Rule, 2016: (Refer Condition No.6)

1. You shall observe following fuel pattern and erect following stack (s):

Sr. No.	Stack Attached to	Fuel Type	Quantity	Stack Height (M)
1	DG Set (80 KVA)	Diesel	15.00 Ltr/Hr	3.00

2. The Applicant shall obtain prior permission of MPC board for providing additional control equipment with necessary specifications and operation thereof or replacement/alteration well before its life come to an end or erection of new pollution control equipment.
3. The Board reserves its rights to vary all or any of the condition in the consent, if due to any technological improvement or otherwise such variation (including the change of any control equipment, either in whole or in part as necessary).
4. Conditions for D.G. Set:-
- Noise from the D.G. Set should be controlled by providing an acoustic enclosure or by treating the room acoustically for control of noise.
 - Acoustic enclosure/acoustic treatment of the room should be designed for minimum 25 dB (A) insertion loss or for meeting the ambient noise standards, whichever is on higher side. A suitable exhaust muffler with Insertion loss of 25 dB(A) shall also be provided. The measurement of insertion loss will be done at different points at 0.5 meters from acoustic enclosure/room and then average.
 - You shall make efforts to bring down noise level due to DG set, outside industrial premises, within ambient noise requirements by proper siting and control measures.
 - Installation of DG Set must be strictly in compliance with recommendations of DG Set manufacturer.
 - A proper routine and preventive maintenance procedure for DG set should be set and followed in consultation with the DG manufacturer which would help to prevent noise levels of DG set from deteriorating with use.
 - D.G. Set shall be operated only in case of power failure.
 - The applicant should not cause any nuisance in the surrounding area due to operation of D.G. Set.
 - The applicant shall comply with the notification of MoEFCC dated 17.05.2002 regarding noise limit for generator sets run with diesel.
5. You shall take adequate measures for control of noise levels from its own sources within the premises so as to maintain ambient air quality standard in respect of noise to less than 75 dB (A) during day time and 70 dB (A) during night time. Day time is reckoned in between 6 a.m. and 10 p.m. and night time is reckoned between 10 p.m. and 6 a.m.

SCHEDULE-I**Authorization for Management of Bio-Medical Waste (Category and Quantity)**

The authorization is granted for Generation and Segregation of BioMedical Waste (BMW) in waste categories and quantities listed here in below:

Sl. No.	Category	Type of Waste	Quantity (kg/month)	Segregation (Colour/Label)	Treatment/Disposal
1	Yellow	a) Human Anatomical waste	5.00	Yellow coloured non- chlorinated plastic bags.	Bio medical Waste shall be sent to MPCB authorized BMW-CTF Bioclean Systems India Pvt. Ltd., Solapur Solapur
		b) Animal Anatomical Waste	0.00		
		c) Soiled Waste	7.00		
		d) Expired or Discarded Medicines	4.00		
		e) Chemical Waste	0.00		
		f) Chemical Liquid Waste	0.00	Separate collection system leading to effluent treatment system.	
		g) Discarded linen, mattresses, beddings contaminated with blood or body fluid.	3.00	Yellow coloured non - chlorinated plastic bags or suitable packing material.	
		h) Microbiology Biotechnology and other clinical laboratory waste	0.00	Autoclave safe plastic bags or containers.	Pre-treat to sterilize with nonchlorinated chemicals on-site as per National AIDS Control Organisation or World Health Organisation guidelines thereafter sent to BMW-CTF for Incineration.
2	Red	Contaminated waste (Recyclable)	5.00	Red coloured non chlorinated plastic bags or containers.	Bio medical Waste shall be sent to MPCB authorized BMW-CTF Bioclean Systems India Pvt. Ltd., Solapur Solapur
3	White (Translucent)	Waste sharps including Metals	3.00	Puncture proof, Leak proof, tamper proof container.	Bio medical Waste shall be sent to MPCB authorized BMW-CTF Bioclean Systems India Pvt. Ltd., Solapur Solapur
4	Blue	a) Glassware	1.00	Puncture proof, Leak proof with Blue coloured marking.	Bio medical Waste shall be sent to MPCB authorized BMW-CTF Bioclean Systems India Pvt. Ltd., Solapur Solapur
		b) Metallic body implants	0.00

SCHEDULE-II

Responsibilities of the Health Care Facility

1. You shall handover Bio Medical waste only to MPCB Authorized Common Bio medical waste treatment and Disposal facility **Bloclean Systems India Pvt. Ltd., Solapur** and maintain records thereof for 5 years.
2. You shall establish bar code for handling of bio-medical waste.
3. You shall ensure segregation of Bio-Medical Waste in colour coded bags as per BMW Management Rules, 2016
4. You shall not store Bio Medical waste beyond 48 hours from the generation.
5. You shall use only non-chlorinated plastic coloured bags.
6. You shall ensure use of colour coded bins and bags for segregation of BMW as required under BMW Management Rules 2016.
7. You shall not mix General/other Solid waste with Bio Medical Waste.
8. You shall ensure segregation, treatment and disposal of General / Other Municipal solid waste as per Solid Waste Management rules, 2016.
9. You shall pay the charges to authorized Common Bio Medical waste Treatment and Disposal facility for its services as agreed upon during the membership registration or as amended.
10. You shall comply and strictly abide with the conditions stipulated in BMW Management Rules, 2016 as amended time to time.
11. You shall handover Plastic / Metal waste (BMW) to Common Bio medical waste treatment and Disposal facility allocated to you for treatment & disposal or plastic/metal recycler authorized by MPCB for BMW Handling and maintain records thereof & submit to MPCB in Annual report.
12. You shall provide training to all workers involved in handling of bio-medical waste at the time of induction and at least once a year thereafter and maintain record thereof.
13. You shall undertake appropriate medical examination of all BMW Waste handlers & staff at the time of induction and at least once in a year and immunize all involved in management of Bio Medical Waste for protection against diseases, including Hepatitis B and Tetanus, that are likely to be transmitted while handling bio medical waste and maintain the records for the same.
14. You shall ensure use of personal protective Equipment such as Heavy Duty Gloves (Workman's Gloves), Gum Boots or safety shoes for waste collectors, Face mask, Head Cap, Splash Proof Gowns or aprons etc., Disposal gloves by waste handlers.
15. You shall develop and operate own website. The website should be uploaded on monthly basis with all the information relating to Bio-Medical waste management including this CCA and other permission and report.
16. You shall maintain all record for Generation, for a period of five years and produce whenever asked by MPCB authorities.
17. The occupier and operator of a Health Care Establishment shall be liable for all the damages caused to the environment or the public due to improper handling of bio-medical wastes.
18. You shall ensure submission of Annual Report of BMW for the period Jan to Dec, including category and quantity of BMW Generated and Disposed in Form IV for preceding year before 30th June of every year to the Regional Office, MPCB, Pune and uploading the same to MPCB Portal (<https://www.ecmpcb.in/>).

SCHEDULE-III

Bank Guarantees

1. Bank Guarantee imposed to ensure timely compliance, to be observed by operator.

Sl. No.	Activity/Condition to be complied	Compliance Period (Months)	Bank Guarantee (INR)
1A	Performance		
1	To Segregate and Handle BMW as per Rule	Continuous	25,000.00
1B	Records		
1	To Maintain records of BMW and submission of Annual Report in Form -II before 31st January	Continuous	15,000.00
2	Operation and Maintenance		
1	To provide STP/ETP and BMW separate storage facility as per guidelines of CPCB	Continuous	25,000.00
Total			65,000.00

Note: You shall extend the previously submitted Bank Guarantee valid upto the validity of this CCA + 4 months additional.

SCHEDULE-IV

General Conditions

The following general conditions shall apply:-

1. You shall provide facility for collection of environmental samples and samples of trade and sewage effluents, air emissions and hazardous waste to the Board staff at the terminal or designated points and shall pay to the Board for the services rendered in this behalf.
2. Whenever due to any accident or other unforeseen act or event, such emissions occur or is apprehended to occur in excess of standards laid down, such information shall be forthwith reported to Board, concerned Police Station, Executive Engineer MIDC and Local Body. In case of failure of pollution control equipment's, the process connected to it shall be stopped.
3. You shall provide an alternate electric power source sufficient to operate all pollution control facilities installed to maintain compliance with the terms and conditions of the consent. In the absence, the applicant shall stop, reduce or otherwise, control operation to abide by terms and conditions of this consent.
4. You shall submit to this office, the 30th day of September every year, the Environmental Statement Report for the financial year ending 31st March in the prescribed Form-V as per the provisions of rule 15 of the Environment (Protection) (Second Amendment) Rules, 1992.
5. You shall comply with the Hazardous Waste (M, H & TM) Rules, 2016 and submit the Annual Returns as per Rule 20(2) of Hazardous Waste (M, H & TM) Rules, 2016 for the preceding year April to March in Form-IV by 30th June of every year to Regional Office, Pune.
6. You shall engage qualified staff/personnel/agency to see the day to day compliance of consent & authorization condition towards Environment Protection.
7. Separate drainage system shall be provided for collection of trade and sewage effluents. Terminal manholes shall be provided at the end of the collection system with arrangement for measuring the flow. No effluent shall be admitted in the pipes/sewers downstream of the Terminal manholes. No effluent shall find its way other than in designed and provided collection system.
8. Neither storm water nor discharge from other premises shall be allowed to mix with the effluents from the HCE.
9. You shall install a separate meter showing the consumption of energy for operation of domestic and industrial effluent treatment plants and air pollution control system. A register showing consumption of chemicals used for treatment shall be maintained.
10. You should not cause any nuisance in surrounding area. You shall maintain good housekeeping.
11. You shall bring minimum 33% of the available open land under green coverage/ plantation. The applicant shall submit a yearly statement by 30th September every year on available open plot area, number of trees surviving as on 31st March of the year and number of trees planted.
12. The non-hazardous solid waste arising in the HCE premises, sweepings, etc. be disposed of scientifically so as not to cause any nuisance / pollution. The applicant shall take necessary permissions from civic authorities for disposal of solid waste.
13. You shall achieve the National Ambient Air Quality standards prescribed vide Government of India, Notification Dated. 16/11/2009 as amended.
14. You shall submit an official e-mail address and any change will be duly informed to the MPCB.

256

15. You shall observe provisions of E-waste (Management) Rules 2016 & as amended time to time and Batteries (Management and Handling) Amendment Rules, 2010.
16. An inspection book shall be opened and made available to the Board's officers during their visit to the HCE.
17. In case you use/ handle/ generate the cytotoxic waste you shall strictly adhere to the standards/ SOPs applicable and waste shall be labelled specifically as "Cytotoxic Waste" with symbol on waste containers/ bags and shall handover to BMW CTFs.
18. You shall obtain required permissions from competent authority for radio active material user/ handling/ disposal of waste before commencement of such activity.
19. The Energy source for lighting purpose shall preferably be LED based.
20. You shall harvest rainwater from roof tops of the buildings and storm water drains to recharge the ground water and utilize the same for different industrial applications within the plant
21. You shall provide personal protection equipment as per norms of Factory Act 1948
22. You are responsible to submit application for renewal of Combined Consent & Biomedical Waste authorization before 60 days of expiry.

This certificate is digitally & electronically signed.

Noted and Registered
29 JAN 2024
Serial No. 193

Principal
Lifeline Institute of Nursing
Pandharpur, Dist. Solapur

Kendra, Pandharpur registered under societis registration Act and the Bombaay public trusts Act and I registered office pandharpur.

Run and maintain hospital in the Lifeline Institute, pandharpur hereafter called as THE HOSPITAL of the second part, for service attachment of the B.Sc nursing Education institute to, Siddhanath Foundetion Charitable Trust, pandharpur of nursing pane. Whereas students of the said Nursing embracing all the speciation and the branches including nursing institutionary required to take specialized training and learning experience in clinical nursing embracing all the speculating and the branches including Training in operation theater and intensive care nursing during 4 year course of nursing education programmed And whereas the side truest has approach Lifeline Institute, Pandharpur the party Lifeline Institute, Pandharpur

And where the party of the second part of the trust established under the Bombay public charitable trust act and main tens the hospital in name of Lifeline Institute, pandharpur And this hospital in multi-specialty super specialty hospital Having the capacity of _____ beds and having all the in fracture required for the student Of B.Sc Nursing And where the office off The Foundation has been accepted by The Hospital and condition which. Fare mutually understood and agreed between the parties and which the parties here to desire to put in writing.

1. The MOU is excited on the initially for the period of 30 years from the date of commencement of which may extended on mutual consent and agreement.
2. Commencement This MOU shall come into force and be effective form / / provided the foundation gets the recognition of the council form With a period of six month from the date of execution of the MOU. The parties of the first part i.e Siddhanath Foundetion Charitable Trust, Pandharpur
3. Shall send its BSc student for the purpose of training and experience to the hospital of the second part
4. Student to be place /clinical experience
5. Initially the total number of student placed with be divided in 4 batches and the number may increase in the succeeding year

6. Clinical area

- A) General duty: From Monday to Saturday except during vacation, tests and holiday of the hospital
7. The BSc Nursing (BSc) syllabus is designed to provide to students with knowledge of advanced nursing candidates can brush up on their medical abilities both surgical and non-surgical throughout this course it aims to improve professional nursing competencies critical thinking skills competencies and standards The Basic BSc Nursing program is a two-year undergraduate program designed to improve the personal and professional scope of work in the nursing industry
8. The entire student in every wards and OPD would be accompanied by their supervisors on the wards for guiding teaching and demonstrating nursing procedures to the student.
9. No students will leave in any ward of department without being supervised by the supervisors appointed for that purpose by the foundation
10. Rotation of the students will be planned in consultation with the nursing service Department of the hospital i.e Matron of the Hospital
11. Inspection :the authorities appointed by Government for the purpose of inspection for clinical specialties for theNursing programmed as under as under
- A) Maharashtra University of Health Science (MUHS)
- B) Maharashtra state Board of Nursing & paramedical Education Mumbai
- C) India Nursing Council New Delhi
- D) Government of Maharashtra Mumbai (DR/MEDD)
12. The demographic data of the required to finish at the time of inspection
13. Consideration

For their purpose of making the hospital available for training to be the student and for providing clinical facilities to the Siddhanath Foundation Charitable Trust, Pandharpur

It is here by understood between the parties that the foundation shall pay a consideration amount of Rs. 100/- per month per student during their clinical experience. The amount shall be paid by the Siddhanath
